- [Towers Watson](#)
- [Trizetto](#)
- [University of California at Berkeley, School of Public Health](#)
- [UnitedHealthCare](#)

A little history: IHA was established as a statewide association in late 1994, governed by a 32-member board of directors with equal representation from health plans, physician groups, health systems and hospitals. In July 1996, the Board added representatives from the academic, business/purchaser, and consumer sectors. In December 1997, the Board merged the health system and hospital membership categories, and in January 1999 added two at-large seats for senior pharmaceutical industry representatives.
