Principles

- Quality of care is our top priority.
- Health services include education and prevention as well as care of acute and chronic illness.
- Prevention is as important as diagnosis and treatment.
- Continuity of care is a priority.
- Providers collaboratively develop standards of care.
- Health care delivery will be physician-directed.
- Quality evaluation will include clinical outcome measures, patient satisfaction, peer review and measures of cost effectiveness.

P4P Status

- Self Reporting since 2004
- Recognized every year for IT Systems
- Leverage PMG Secure Provider Portal to offer P4P tools
