

## Better Quality and Cost when California's Providers Share Financial Risk

### Financial Risk Sharing Types

- No Risk**  
 Providers are paid fee-for-service and do not assume basic financial risk
  
- Professional Risk Only**  
 Providers assume risk through capitation for professional services only
  
- Full Risk**  
 Providers assume risk through capitation for both professional and facility services

### Better Clinical Quality Associated with Financial Risk Sharing

Clinical Quality Composite Across 10 Measures

### Lower Costs Associated with Financial Risk Sharing

\*Total cost is geography and clinically risk adjusted.
